Fund Overview

Europe continues to be home to attractive investment propositions with the potential to deliver good long-term returns. The CRUX Pan-European Growth Fund is a Luxembourg domiciled fund, registered for sale in UK, Luxembourg, France and Switzerland.

The fund has a concentrated portfolio, with an emphasis on active management seeking long-term capital growth. The concentrated portfolio allows for larger positions in high-conviction small and mid-cap ideas.

The Pan-European Growth Fund aims to achieve its investment objective primarily through investment in equity securities and equity related instruments of companies that are listed and/or domiciled in Europe including the UK or derive the majority of their revenue from business activities in this region. Exposure to securities of companies that are listed and/or domiciled in the UK is unlikely to exceed one third (1/3) of the assets of the Pan-European Growth Fund. The Pan-European Growth Fund can have some limited exposure to transferable securities outside Europe or the UK.
