Fund Overview

Europe continues to be home to attractive investment propositions with the potential to deliver good long-term returns. The CRUX European Special Situations Feeder Fund is a Luxemburg domiciled fund, registered for sale in the UK, Spain, France and Switzerland. The Feeder Fund will invest solely in the FP CRUX European Special Situations Fund (Master Fund), performance will therefore be largely dependent on that of the master fund, but with some variance arising from any cash allocation or transaction costs.

The Master Fund has a concentrated portfolio of 55 to 65 stocks, with an emphasis on active management seeking long-term capital growth. The Master Fund will have a higher weighting to mid and small cap European stocks, likely to comprise of two thirds of the names held in the fund. The Master Fund is benchmark agnostic – where stock selection dominates sector and country weighting

The Master Fund has the flexibility to be up to 10% invested in global stocks. This offers the managers the freedom to pursue specific investment themes and opportunities which are not available in Europe. Additionally, the Master Fund may have an allocation of up to 5% to the UK and there will be no constraints on its exposure to the Swiss market.
